

In these trying times of the COVID-19 virus restrictions, Carol's Kitchen is maintaining our mission of feeding the less fortunate by making some major changes in our operations

We are continuing to provide nutrition to our guests as these essential items are needed now more than ever because of this economic downturn. Our kitchens are distributing sack lunches for pick up ONLY and are continuing to hand out a bag of additional groceries. No clothing is being given at this time. Our guests are not allowed in any of our buildings but only walk up to get their food.

With these changes come many new challenges for everyone. For us, the food donations and monetary contributions that we rely on are almost non-existent. This is forcing us to purchase ALL items needed for our sack lunches. And, as you can image, the longer these situations continue, the harder it will be for us to continue feeding our guests.

Here's how you can help

Would you be able to give \$50, \$20, \$10 or whatever you can afford to ensure more people will continue to be provided with a sack lunch and additional groceries during this critical time? Our guests frequently depend on us for their only meal of the day and even more so in these trying and changing times. Your individual or company donation of any amount will be most appreciated. We are so grateful for the caring and gracious giving from the community and we are trusting that this assistance will continue.

It is urgent that you put us on your stay at home to-do list, and give locally to those in need. We realize how stressful and uncertain these changes affect everyday life and we value your thoughtfulness in supporting our cause.

On behalf of our guests, volunteers, staff and Board of Directors we say **Thank You**. Your gift truly makes a difference!!
